The first national SDS Awareness Week is being held from 30th March to 3rd April 2015 to coincide with the anniversary of the Social Care (Self-directed Support) (Scotland) Act 2013 coming into effect on 1st April 2014.

West Lothian is holding an SDS Roadshow and Marketplace during this week as part of our on-going SDS development. The aim of the event is to raise awareness of SDS and the range of support available and to promote collaboration and partnership working.

We are inviting local supported people, carers and families and anyone who would like to find out more about SDS in West Lothian to drop in anytime during the day to meet local providers and other colleagues to have a chat, ask questions and share information.

We look forward to seeing you.
