## About the event

Scotland Against the Care Tax (SACT) are organising an event for disabled people about care charging.

Siobhan McMahon MSP has launched a consultation on abolishing care charging. Siobhan would like the Scottish Parliament to pass a new law so that everyone gets social care without having to pay.

SACT are organising this event so that you can hear more about this consultation and answers questions about care charging. Siobhan will be speaking at the event.

We will:

- **Inform you** about care charging and how it works just now
- **Hear your ideas** about care charging and how things should change
- **Make notes** about what people have said and use this to report what people think.
