

# Grapevine Disability Information re-open to East Lothian residents.

Grapevine disability information service is pleased to announce that we have secured funding to re-open the service to East Lothian residents. East Lothian Council have provided funding so that we can continue to the service from August 2016-April 2017.

This means that anyone living in East Lothian can access, free, confidential and accessible information and advice on any disability related matter and we can see a limited number of individuals for help with disability benefits claims (Personal Independence Payment and Attendance Allowance forms). Please see our service leaflet for more details.

## Background to service:

- We are part of Lothian Centre for Inclusive Living (LCiL), a disabled people's organisation.
- Our information and advice service, works to enable people to take up their rights and make informed choices based on their needs.
- We do this by providing up to date, accurate, accessible and local disability related information.
