

Digital Drop In

Do you have a physical disability that prevents you from effectively accessing a **smart phone or tablet** due to one or more of the following?

- Difficulty with holding a device
- Difficulty with operating buttons, utilising touch screen gestures e.g. swipe, tap, scroll etc.
- Difficulty with reading what is on the screen
- Difficulty with remembering how to recall instructions, passwords, etc.

skype™

The **digital drop-in** takes place at the Edinburgh Community Rehabilitation and Support Service at 62 Longstone Street, Edinburgh, EH14 2DA.

It takes place on the first Tuesday of every month by appointment only. To arrange an appointment or to ask for more information, please call 0131 443 3837

At your appointment, you will meet a member of staff for an hour's appointment. If you have a device, please bring it. We can help by...

- ✓ Identifying access problems and recommending solutions specific to your needs
- ✓ Giving you the opportunity to try out devices and recommended solutions
- ✓ Offering practical advice and guidance to keep you safe when using digital devices
- ✓ Signposting you to other digital services that may be able to support your needs
- ✓ Referring you for a more detailed assistive technology occupational therapy assessment if appropriate

We cannot...

- × Offer technical support for broken equipment
- × Provide you with equipment
- × Loan equipment (without a further detailed assessment by the assistive technology occupational therapist)
- × Provide digital skills training
